

**ISCC Approved**  
**Bather/Dryer Certificate Programs:**

**These are ISCC Approved**  
**Preparatory DermaTech Programs!**

An in-depth series of programs designed for bathers/dryers. This year's seminars highlight Animal Management, Canine/Feline Eyes, Massage Therapy for Pets, an 8 part "Prep Tech" Certificate program, the ISCC Pet Injury Prevention, First Aid & CPR programs, and much more. **Individuals completing ten (10) of these seminars will receive a special "Bather/Dryer Certificate of Attendance"!**

**Prep Tech, A Certificate Program - parts 1-8 by Julie Berkeley, Luther Edmonson, Pam Lauritzen & Scott Wasserman (A Certificate issued to individuals who complete 6 parts of this 8 part program)**

Designed for bathers/dryers, groomers and stylists, this exceptional but practical eight part series focuses on techniques and methods required for the "ideal" preparation of pet coats for styling. Specialized seminars include:

**Part 1: From Head to Toe — A Topical Inspection & Evaluation by Julie (Friday, 8:30am)**

Setting up a "Check-In" station and how to perform a "Head-to-Toe" inspection and evaluation of the topical condition of the pet's coat. Covered are essential inspection and evaluation techniques for determining (1) the health of the coat, (2) the nature and extent of any existing problems, and (3) how to proceed with the topical management of the pet's coat. Client communication techniques are also included. **Every Pet Care Professional should attend this seminar!**

**Part 2: Choosing & Using the Appropriate Tools by Julie (Friday, 10:30am)**

In this entertaining presentation, Julie will discuss combing, brushing & dematting tools & techniques. She'll explain why a slicker brush is NOT the only brush for all coat types — and will demonstrate techniques like "Setting the Coat" and "Sacking", as well as de-matting and de-shedding techniques and methods — and will provide a protocol to determine the practicality of de-matting vs. shaving.

**Part 3: Let's Take A Bath by Julie (Saturday, 8:30am)**

Should I bath the pet once or twice? Which shampoo and conditioner should I choose? How do I determine the dilution ratio of my products? Should I "rough-in" the coat prior to bathing? Do I use high velocity, stand or cage dryer? Evaluating the condition of the skin and coat, selection of bathing products, pre-bath short-cuts, and "ideal" bathing and drying techniques are highlighted in this informative presentation. **This is a MUST-ATTEND Seminar!**

**Part 4: The Finishing Touch! by Julie (Saturday, 10:30am)**

Styling products such as hair sprays, mousse, styling gels, and thickening crystals are quickly gaining popularity in grooming salons as well as the competition ring. Learn how to use these products to improve problem coats and conformation faults. Hands-on demos and trial sessions are incorporated into this outstanding seminar.

**Prep Tech, parts 5-8 (Breed Specific Coat Types)**

Specialty brushing, combing, bathing, drying & finishing techniques of a variety of breed specific coat types are the focus of these in-depth presentations by recognized industry experts and leaders. If you think you understand how to prepare drop, terrier, double, stand-out or combination coats for styling, — let these award-winning pet stylists and experts introduce you to some of the new and innovative specialty techniques, tricks and secrets of the trade. **Included is:**

**Part 5: Drop-Coated Breed Coats by Pam (Saturday, 12:00n)**

**Part 6: Terrier Coats by Scott (Saturday, 1:30pm)**

**Part 7: Double-Coated Breed Coats by Luther & Julie (Sunday 8:30am)**

**Part 8: Stand-out & Combination Coats by Luther & Julie (Sunday, 12:00n)**

**Clicker Training- parts 1-2 by Hansy Howard**

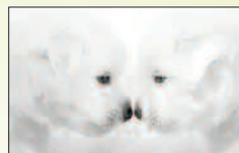

(Part 1: Fri., 12:00n) (Part 2: Fri., 2:00pm)

**Imagine** — Well behaved dogs on your table, stacked, standing still and enjoying their pet grooming and styling experience! Impossible you think? Well think again. Let Hansy show you how to turn those hard to handle dogs into well-behaved and easy-to-control pets through "Clicker Training". Clicker Training is definitely a positive reinforcement technique to learn for handling both client dogs and your own pets.

**Espre, part 3 - It's All About the PREP! by Shannon Moore (Fri., 4:00pm)**

In this live, hands-on session, Shannon will demonstrate the latest and most innovative products, equipment, techniques and methods for prepping, bathing and drying pet coats. **If you thought prepping was routine — then you'll be amazed at this extraordinary presentation.**

**Bad Dog — Good Dog, Parts 1-2 by Kaoru Nakajima**

(Part 1: Sat., 3:30pm) (Part 2: Sat., 5:00pm)

With over 20 years of animal handling experience, Kaoru will focus on aggressive behaviors and the methods that she has implemented to calm and rehabilitate

those behaviors. In addition, she'll demonstrate some simple behavior modification techniques such as handling puppies and elderly dogs or dogs that hate their NAILS trimmed. **You won't believe your eyes as you watch her amazing videos! This insightful seminar is a must-attend!**

**Animal Emotions, parts 1-3 by Dan Vaughn**

**HOW MUCH DO YOU KNOW ABOUT ANIMAL BEHAVIOR?**

In this enlightening three part series, Dan will provide insight into the new science concerning animal emotions. He'll discuss instinctive behaviors and why canines react the way they do — and then he'll help you understand how hardwired

breed specific behaviors impacts the interactions between dogs and pet care professionals, thus effecting the grooming and styling process. Finally, Dan will demonstrate handling techniques and methods that will provide a more pleasant experience for both pet and the pet care professional. **Programs include:**

**Part 1: How Animals Evolved (Friday, 4:00pm)**

**Part 2: Emotional Hardwiring & Its Impact on Handling (Saturday, 3:30pm)**

**Part 3: Breed Specific Handling Techniques/Methods (Saturday, 5:00pm)**

**Handling Geriatric Dogs by Nicole Kane (Sun., 1:30pm)**

Arthritis, heart disease, hearing & sight problems, skin issues, temperament changes, and a variety of health issues are just some of the problems that must be addressed when dealing with senior pets. Learn how to compassionately and humanely evaluate issues that may require special attention while handling, grooming and styling your senior pet clients.

**SuperCoats, a Skin & Coat Care Clinic, parts 1-8 by Pam Lauritzen**

— SEE COMPLETE PROGRAM ON PG. 1 OF SHOW CATALOG

Need to learn more about skin and coat care? — In this fantastic 8 part series, internationally renowned skin & coat expert, Pam Lauritzen will teach you how to analyze and resolve skin and coat problems. All Petcare Professionals are encouraged to attend!

**Part 1: Skin & Hair Anatomy (Thurs, 1:00pm)**

**Part 2: Chemicals & Their Effects (Thursday, 2:15pm)**

**Part 3-4: Skin Problems & Lesions (Thursday, 3:30pm & 4:45pm)**

**Part 5-6: Water Therapy & Spa Programs (Saturday, 8:30am & 10:30am)**

**Part 7: Practical Skills Demo (Sun., 10:30am)**

**Part 8: Case Studies & Q/A Session (Sun., 12:00n)**

**The Essentials (The ISCC Position on treatment of eyes, ears, anal glands, teeth & airways) by Melissa Sirianni (Sun., 3:00pm)**

Should I treat the eyes before a bath — if so with what? To clean or NOT to clean the ears — one Vet says YES, another says it could cause infections. Should anal glands be expressed? What do I do if water is aspirated into the dog's lungs? Should I offer teeth cleaning for my canine clients? In this informative and thought-provoking seminar, Melissa will outline the official ISCC Position & Protocol for the treatment of eyes, ears, anal glands, teeth and airways. **This is an ISCC SPECIAL EVENT! Everyone is urged to attend!**

**With over 80 exciting hours of education to choose from**
