

*Have you thought about competing or certifying,
but you're just not sure you're ready?*

*Maybe you don't want to compete or certify, but
you want to be sure your grooming skills are the
best they can be . . .*

*If you answered **yes** to either question, then*

**YOU'RE
INVITED**

to an ISCC Hands-On Workshop

Sunday, June 7

9:00 am – 5:00 pm

ISCC Approved Hands-On Workshop

Bring up to 2 dogs to work on. You choose the breed and/or techniques you want to work on at this workshop. Dogs should be bathed, dried and the bulk of trimming done prior to your arrival, so you can concentrate on the areas you want to work on instead of the basic trimming. If you plan to compete or certify, you may bring your contest dogs for critiquing and fine-tuning. The workshop is scheduled so you can do your final groom on your contest dogs for the US Pet Pro Classic in August. If you wish to bring additional dogs for critiquing, you may schedule a private consultation.

Cost: \$85.00/person

Monday, June 8

Private Consultations

Private consultations may be used for more intensive, individualized work on a skill of your choosing, or they may be used to critique additional dogs that you choose to bring — it's up to you. They should be scheduled in advance with the facility that you choose to attend. Register early, space is limited. Additional consultations may be scheduled as needed on Saturday, June 6 at the discretion of each facility.

Cost: \$50.00 for up to two hours.

ISCC Practical Skills Testing will be offered at each location on Monday.

Register for testing with ISCC.

Registration deadline for workshops, consultations and testing is May 25.

This workshop is being held in 3 locations on the same day!
Choose the one that's best for you . . . then contact them
directly for directions, local hotel information or to register.
